Dear sir

We wish you and your company long life and prosperity.

We looked into your company website and have a great interest in doing business with your company.

My name is Mr. JESSE KALLAR Managing Director CHINO GROUP CORPORATION.

We are CHINO GROUP CORPORATION a japan company dealing in export and import of your products to Africa and some Asian companies.

Our dealership agreement with Yamada Europe has now expired and due to be renewed.

However I do not want to renew the agreement because of various reasons, We are single largest company in japan. Our sales average approximately 450-500 units per year.

I am interested in supporting you and will be kind to establish a long term business relationship with your company.

I kindly advise if you are willing to proceed with business? If you are in agreement to proceed, please be so kind to give us a quotation for attach inquiry/request.

I am also prepared to meet with you personally to discuss if we can have distribution into Africa.

In meantime please assist us with a low price quotation of attach inquiry.

Please advise soonest

Kind Regards...
